WELCOME TO CARDINAL CHAROLAIS

Time fly's when you are having fun! Seems like it was not that long ago we were up all night trying to keep that tent from blowing away before the sale. My closest neighbor, Brandon, made mother nature pretty angry last year, with moisture here and in a large part of the central plains nonexistent. We preconditioned the calves in early July and weaned shortly after. Some of the weaning weights were lighter but when they got some feed in front of them, they exploded! The bulls have done well on a High Roughage Ration with no corn added. We believe this is the most even, solid and stoutest set of bulls we have offered for sale.

We should not have to mention politics in a bull sale catalog, but here in Colorado we have a big fight on our hands. Not only did our governor declare a meat-out holiday March 20th, but ballot initiative 2022 would prohibit the harvesting of cattle less than five years of age, prohibit preg checking, artificial insemination and embryo work. Criminalizing the very tools and processes that livestock producers have used to increase efficiencies to meet consumer demand in providing a safe, affordable and abundant food supply and minimizing the industry's climate footprint, is foolhardy at best.

Then you look at the national politics with the election, open borders and the 30% grab of land and water rights by 2030; it is out of control and very concerning. We are all going to have to stand up, become involved and get the word out that raising a protein product is good for a person's health and for improving the environment.

My hero, comedian Ron White, sums it up perfectly: "Plastic Surgery can fix a lot, but you just can't fix Stupid!"

We are lucky to be ranchers as we can throw down the paper, turn off the TV, radio, and cell phones and drive through the cows. The joy of watching a new calf being born or seeing them run and play, with not a worry of being socially distanced, is priceless.

Mother Nature finally blessed us with moisture and while I was talking to Brandon, he reminded me of a bull customer's words of wisdom;

"Surround yourself with GOOD PEOPLE, keep your NOSE TO THE GRINDSTONE, somebody will take notice and OPPORTUNITIES WILL ARISE! Thanks Ruben.

Hope to see you Friday, April 9th!

Pat, Luan and the Cardinal Crew

Great Mothers make Great Sons! Both EZ Design and Design II, tested TT for Leptin, and are from our 7121 cow family. They are smooth made, carry their depth consistently from fore rib to flank, all carried on a big foot that can get out and move. These bulls are being used on heifers.

How Many Times Have You Seen The Movie? The cast are great and stacked deep! His deep, stout sons are eye catching with good bone, feet and legs. McLintock's sire, H25, is a Moore's Legacy son. A Canadian bull that we purchased the US semen rights on in 2005.
